Important Information About The Authorization To Disclose Protected Health Information

Individuals cannot be denied treatment based on a failure to sign this authorization form, and a refusal to sign this form will not affect the payment, enrollment, or eligibility for benefits. A minor individual's signature is required for the release of certain types of information, including for example, the release of information related to certain types of reproductive care, sexually transmitted diseases, and drug, alcohol or substance abuse, and mental health treatment (See, e.g., Tex. Fam. Code § 32.003).

Covered entities, as that term is defined by HIPAA and Texas Health & Safety Code § 181.001, must obtain a signed authorization from the individual or the individual's legally authorized representative to electronically disclose that individual's protected health information. Authorization is not required for disclosures related to treatment, payment, health care operations, performing certain insurance functions, or as may be otherwise authorized by law (Tex. Health & Safety Code §§ 181.154(b),(c), § 241.153; 45 C.F.R. §§ 164.502(a)(1); 164.506, and 164.508). The authorization provided by use of the form means that the organization, entity or person authorized can disclose, communicate, or send the named individual's protected health information to the organization, entity or person identified on the form including through the use of any electronic means.

Definitions - In the form, the terms "treatment," "healthcare operations," and "protected health information" are as defined in HIAA (45 CFR 164.501). "Legally authorized representative" as used in the form includes any person authorized to act on behalf of another individual (Tex. Occ. Code § 151.002(6); Tex. Health & Safety Code §§ 166.164, 241.151; and Tex. Probate Code § 3(aa)).

Health Information to be Released - If "All Health Information" is selected for release, health information includes, but is not limited to, all records and other information regarding health history, treatment, hospitalization, tests, and outpatient care, and also educational records that may contain health information. As indicated on the form, specific authorization is required for the release of information about certain sensitive conditions, including: Mental health records (excluding "psychotherapy notes" as defined in HIPAA at 45 CFR 164.501); Drug, alcohol, or substance abuse records; Records or tests relating to HIV/AIDS; Genetic (inherited) diseases or tests (except as may be prohibited by 45 C.F.R. § 164.502).

Note on Release of Health Records - This form is not required for the permissible disclosure of an individual's protected health information to the individual or the individual's legally authorized representative (45 C.F.R. §§ 164.502(a)(1)(i), 164.524; Tex. Health & Safety Code § 181.102). If requesting a copy of the individual's health records with this form, state and federal law allows such access, unless such access is determined by the physician or mental health provider to be harmful to the individual's physical, mental or emotional health (Tex. Health & Safety Code §§ 181.102, 611.0045(b); Tex. Occ. Code § 159.006(a); 45 C.F.R. § 164.502(a)(1)). If a healthcare provider is specified to receive protected health information on the opposite side of this form, then permission to receive protected health information also includes physicians, other health care providers (such as nurses and medical staff) who are involved in the individual's medical care at that entity's facility or that person's office, and health care providers who are covering or on call for the specified person or organization, and staff members or agents (such as business associates or qualified services organizations) who carry out activities and purposes permitted by law for that specified covered entity or person. If a covered entity other than a healthcare provider is specified, then permission to receive protected health information also includes that organization's staff or agents and subcontractors who carry out activities and purposes permitted by this form for that organization. Individuals may be entitled to restrict certain disclosures of protected health information related to services paid for in full by the individual (45 C.F.R. § 164.522(a)(1)(vi)).

Charges – We may charge a retrieval/processing fee and for copies of medical records. (Tex. Health & Safety Code § 241.154).
